Statistical Retrospective: 1974-1983

The *Statistics for Public Libraries* has, in past years, given a report on the status of public libraries for a one-year period. This statistical report will show the growth of Mississippi's public libraries over a ten-year period.

The libraries' resources and results were compiled from 1974 through 1983. Resources are operating income, expenditures, personnel and facilities. Results are circulation and collection. Interlibrary loan and special programs were not considered as results for this report since statistics have not been kept on these services over the ten-year span.

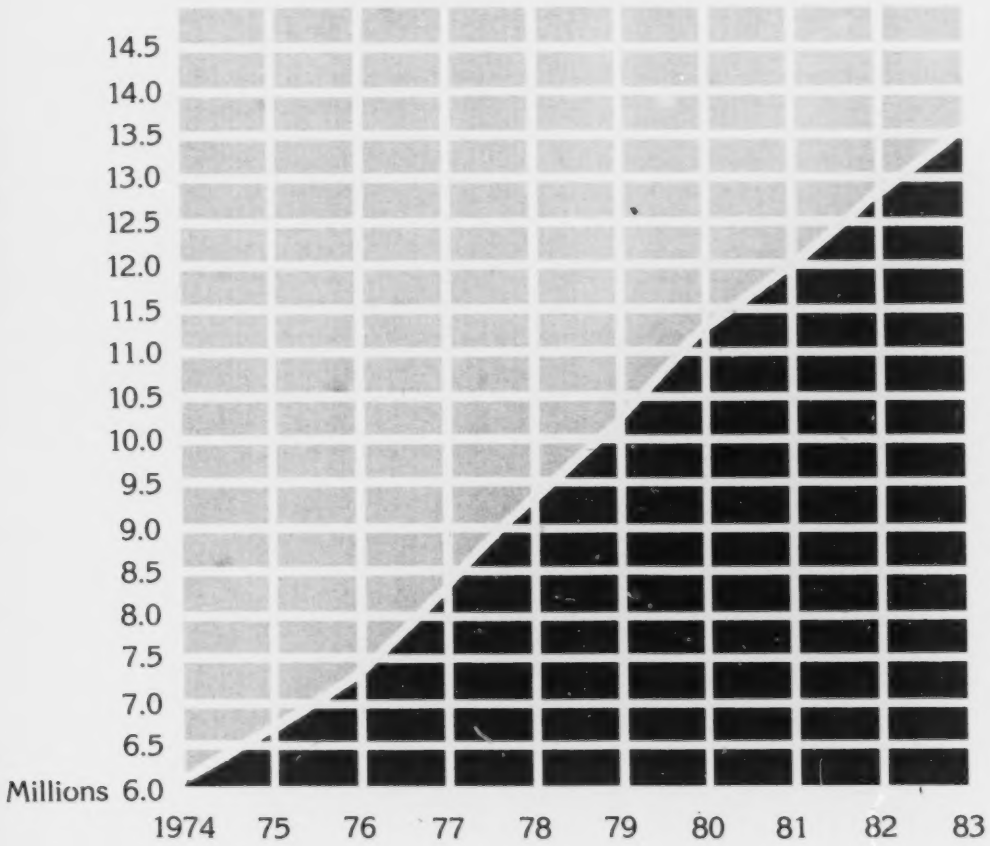
The figures presented are a compilation of ten statistical reports, including the report for fiscal year 1983. No attempt was made to analyze why the figures changed over the years. No assumptions were made as to the impact of specific funding programs or local library practices.

Resources

Income

The total operating income for libraries has increased 127% since 1974. Support from local tax sources, city and county tax levies and the general fund, have increased from $2.10 per capita to $4.28 per capita, or 104% (Illustration 1).

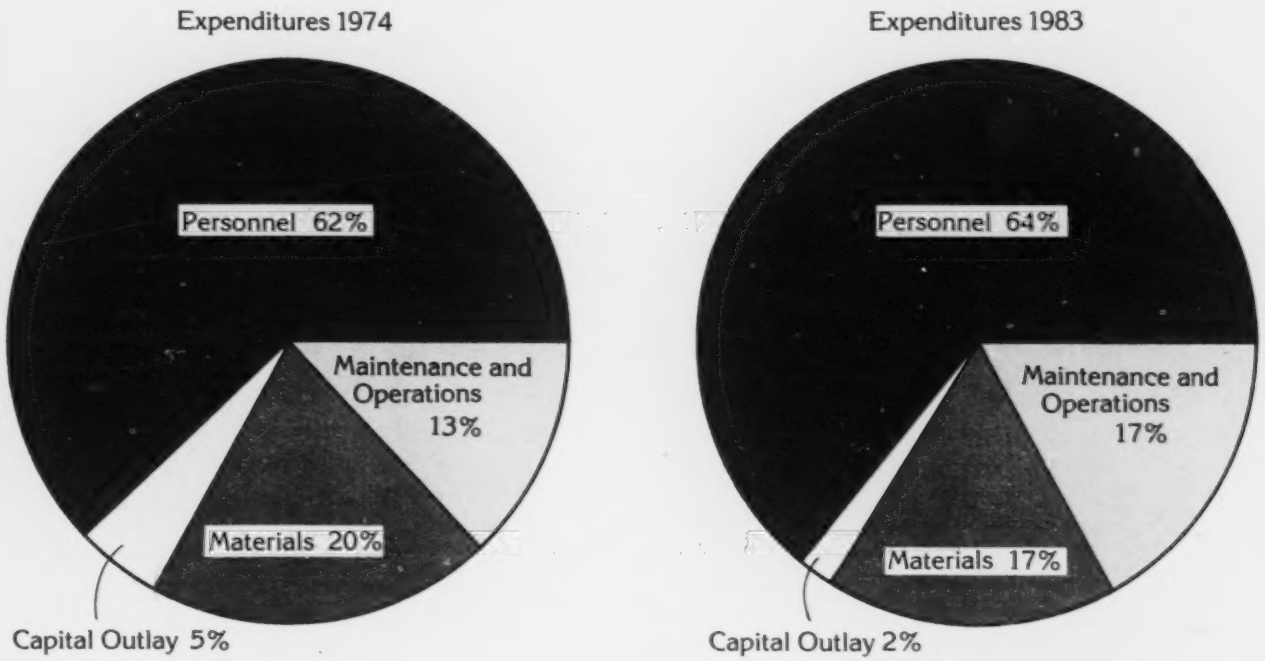
Illustration #1 - Income



Expenditures

Personnel remains the largest cost for libraries; however, overall expenditure for personnel only increased by 2%. Materials and capital outlay took the only decreases at 3% each. Maintenance and operations increased by 4% (Illustration 2).

Illustration #2 - Expenditures



Personnel

There were 381 full-time staff and 433 part-time staff employed in public libraries in 1974. By 1983, full-time staff had increased to 531; part-time decreased to 429. In total numbers of people, personnel increased by 17%.

Facilities

From 1974 to 1983, the state of Mississippi, through LSCA and Revenue Sharing, has given $9,617,042 toward the construction of public libraries. During the same time period, local funding for public library construction has amounted to $12,137,193.

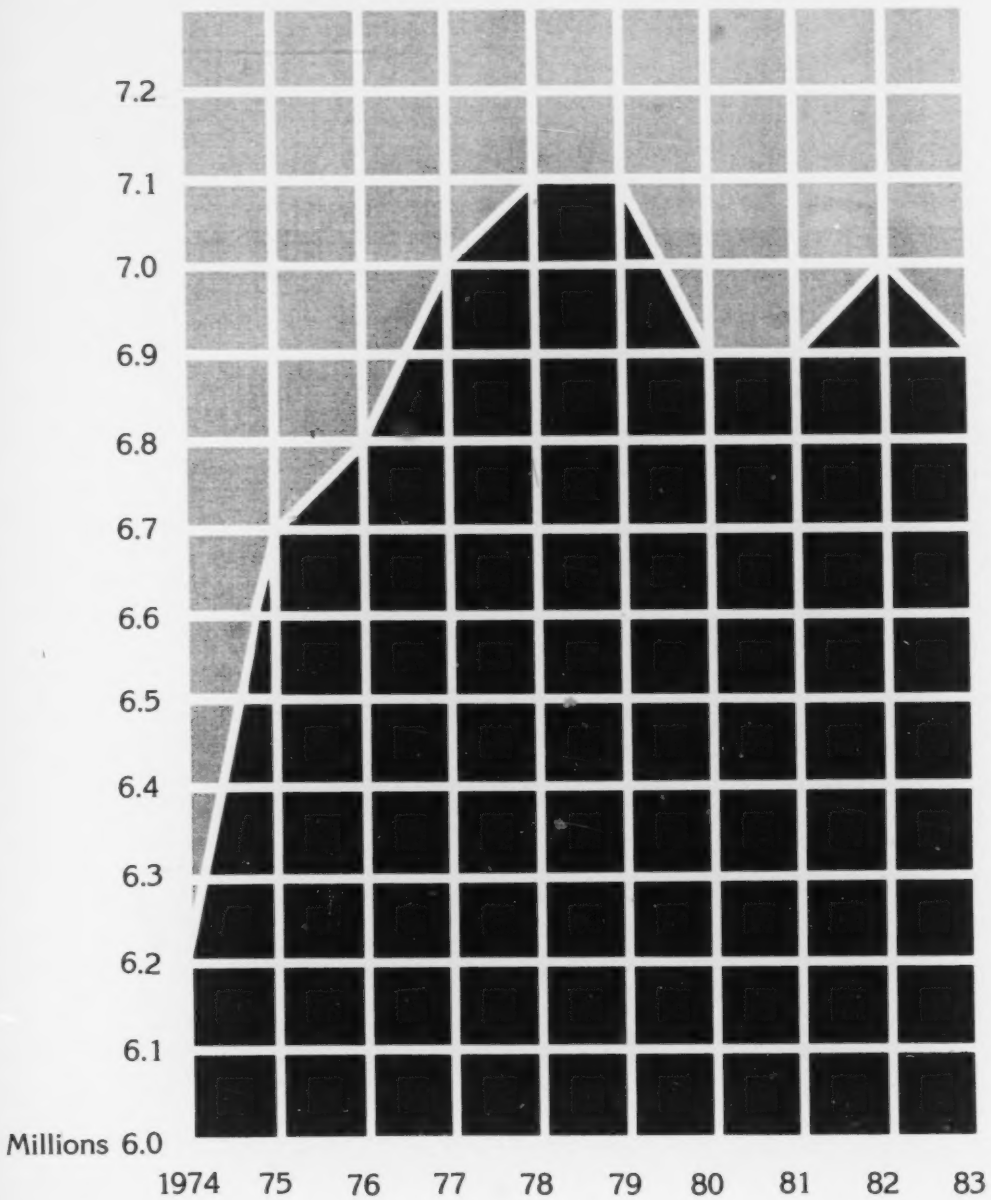
The state had 244 stationary service units in 1974 and 31 mobile units. By 1983, there were 245 stationary units. Mobile units had decreased to 17.

Results

Circulation

Circulation has increased by 11.5%. The peak year was 1978 with a total circulation of 7,069,471. Circulation per capita was 2.80 in 1974. By 1983, per capita circulation had declined to 2.74 (Illustration 3).

Illustration #3 - Circulation



Collection

The state's public libraries owned 2,781,432 items in 1974. This amount has increased by 61% to 4,468,311. The per capita amount for items owned has increased from 1.26 to 1.77.

The state's collection increases on the average of 187,400 items per year. The discard rate is approximately 2%.
